A World with Apples and Stars

Answer these questions using the apple/star world shown above.

1. If this is the only rule, what will the kodu eat? Circle your answer.
   a. Stars
   b. Apples
   c. It won’t eat anything.
   d. It will choose randomly.

2. When will the kodu pursue a star?
   a. When there are no apples left.
   b. Right after it eats its first apple.
   c. Never.
   d. After it bumps an apple.

3. With these rules, when will the kodu eat an apple?
   a. When there are no stars left.
   b. Never.
   c. After it bumps a star.
   d. After it eats a star.
Answer the next two questions using the same apple/star world, but with these different rules:

4. With these three rules, what will the kodu eat first? Circle your answer.
   a. Stars
   b. Apples
   c. Whichever thing is closest, no matter what kind.
   d. It will choose randomly.

5. When will the kodu eat its first star?
   a. When there are no apples left.
   b. Right after it eats its first apple.
   c. It will never eat a star; it will keep looking for apples forever.
   d. It will only eat a star if it bumps into one by accident.

Answer the next two questions using the same apple/star world, but with these different rules:

6. With these three rules, what will the kodu eat first?
   a. Stars
   b. Apples
   c. Whichever thing is closest.
   d. A pizza

7. When will the kodu eat an apple?
   a. When there are no stars left.
   b. After it has eaten one star.
   c. Never, unless it bumps into an apple by accident.
   d. Before it eats its first star.
